

K-LOVE is a dramatic encouragement in our lives.
It has an irreplaceable positive effect upon our community
by providing encouragement and affirmation to live in a
positive way of serving our families and our communities.
K-LOVE is definitely serving the public interest by
providing encouragement and affirmation to people of all
sorts, ages, beliefs and backgrounds. It is much more
positive than any other radio station I can find. It is
an excellent addition to our community and has an
irreplaceably positive effect on our community and the
many lives that hear it.
